

ANA Immersion Program Newsletter

“Ways of Knowing”

Expressions of our Sugt'stun language. Parents, children and staff are inspired in being able to speak and understand our cultural language. The ANA Immersion Program will build our Sugpiaq Language in conjunction with our cultural beliefs, through our Elders.

ANA Immersions Goals are within a 3 year time period is to have parents, students and staff, in stage levels of

Novice, Intermediate and Advanced. These levels are imperative to our evaluations and assessments done, and help with gaining information.

Through out these years we will be implementing our program through a multi-agency group such as: Chugachmiut/Head Start, Port Graham K-12th School District, Nanwalek Immersion.

ANA Immersion has a role but, knowing one person can not do it alone, it will

take a village! Your Volunteering will help! Your knowledge is ours to gain, in learning and understanding our Sugpiaq ways. Village of Port Graham, come and support us, learn with us and teach us!

“Bringing back our Sugpiaq Language”

ANA Immersion Project Coordinator: Rita Meganack

Camai,
As of November of 2013, my job title has changed to ANA Immersion Project Coordinator, assisting the ANA Project Director along with multi-agencies in preserving our Sugpiaq Language. Our title Tamamta Litnaurluta: Learning Together, is a three year grant. As a part of being a Project Coordinator, I am

the liaison for Port Graham Kenai Peninsula School District and Chugachmiut Head Start, assisting in scheduling meetings and trainings for our ANA Immersion Staff and our Education Commission Committee. I look forward to working with our village.
